

## Mac Robinson Community Center Protocols

All participants, team members and spectators will enter the MRCC through the south upper doors.

To gain entry to the MRCC proof of immunization will be required for all individuals aged 18 and over.

- Required evidence at the door will include:
  - \* a QR code or a Vaccination Card and
  - \* a valid piece of photo ID

At this time, it is not a requirement for youth under the age of 17 to show proof of immunization to participate in youth recreational sports. We will not require proof of immunization for anyone under the age of 17 if they are **participating** in scheduled youth programming.

Youth ages 12-17 will not be permitted, without proof of immunization, to enter the MRCC for any reason other than participating in organized sports.

Children up to 11 years old, will be able to enter the facility with an accompanying adult who meets the immunization requirement.

Masks continue to be mandatory while in the facility unless you are engaging in physical activity.

Each user group is responsible to abide by the regulations and guidelines set out by their governing association.

Please remember it is good practice to continue to social distance and sanitize in and out of the building.

**It will be the responsibility of each rental group to ensure compliance with the new regulations. Each group will assign a person in attendance to check for proof of immunization.**

We thank you for your continued support and patience
